Franke Kindred Canada

We have been in the sink business a very long time - more than 65 years in Canada, and over 100 years globally. By anyone’s measure, that’s a lot of expertise, innovation and quality. We are grateful for the support you’ve shown us over the decades - thank you!

We do realize however that loyalty has to be earned and re-earned every year. With this in mind, we are pleased to share with you our latest innovative, quality products for 2014, all manufactured responsibly to ensure our collective future. We think you’ll be pleased with our offering in this brochure, and hope you will consider a quality Kindred product or products for your home.

Sincerely,

Case de Jong, President
Franke Kindred Canada Limited
Sink model QSLF2020/10 with BGZ18S bottom grid and faucet model KF10A.
Gone are dungeon-like laundry rooms of yesteryear. Today’s laundry rooms are often main floor spaces, visible from many areas in the home, and as such command a fresh approach to the utility sink. We have just the thing! Featuring easy to clean 25 mm radius corners, our newest 10 and 12 inch deep Steel Queen laundry sinks are hand fabricated and fabulous! See pages 67-68.

Stainless steel is a natural in the kitchen - bright and sparkling, robust and hard working, and easy to clean. Consider stainless steel for your vanity basin for all the same reasons! We’ve added two new models to our Kindred Collection vanity basins. See pages 30-31.

If a colored sink appeals to your aesthetic, consider our new OYSTER granite offering. Available in topmount and undermount models, all with optional color matched gooseneck faucets and soap dispensers, Oyster is both sophisticated and subtle - simply sublime! See pages 34-41.

Batch and continuous feed Food Waste Disposers round out our selection of chore-busting sink auxiliary products, all with Bio-Shield an antimicrobial agent to eliminate bacteria caused odors. Safe for properly sized septic beds, and available in a host of sizes, a food waste disposer makes kitchen clean up a snap. See pages 81-82.

Our newest products speak to all of this and more!

*In the case of recommended cabinet sizes for Kindred undermount product, you will see two dimensions noted for every model. The first dimension is the minimum cabinet size recommended by Kindred, and this dimension is based upon using our installation method and hardware. The second dimension represents the minimum cabinet size that will accept the fit of the sink bowls. In this case, you must discuss alternative methods of product installation with your installer.*
Sink model KSS4UA/9D and faucet model KF10A.
Kindred Collection includes three families of product:

Kindred Collection Designer Series
Kindred Designer Series models are hand crafted of heavy 18 gauge stainless steel with 10 mm radius corners and commercial satin finish. Included in this collection are Appliance Sinks, Apron Front Farmhouse models, Topmount and Undermount models with integrated accessory rails, Semi-recess Kitchen sinks and Stainless Steel Faucets and Soap Dispensers. Matchless design, sizes and configurations for your dream kitchen are all combined with outstanding aesthetics!

Kindred Collection Undermount
Kindred Collection 18 gauge undermount sinks feature big, generous dimensions, and distinctive creased bottom bowls, in an array of sizes for kitchen, bar, island and vanity.

Kindred Collection Sanitized® Granite
Kindred Granite is simply gorgeous … and tough! Available in four fabulous sublime colors, Kindred Granite topmount and undermount models are shipped complete with stainless steel bottom grids, and are a particularly striking choice when combined with a color-matched Kindred faucet.
A New Appliance for your Home

Today’s sleek and contemporary appliances simplify our complex lives. They are an essential element of our daily chores and if you think about it … life without your range or refrigerator would be well, unthinkable. We feel the same way about your kitchen sink. As a matter of fact, we see the kitchen sink as the most important appliance you have. (OK, we may be a bit biased, but it is a vital part of every kitchen.)

The Appliance Sink is our answer for the kitchen of today, and tomorrow.

Designer Series Appliance sinks are hand fabricated in 18 gauge, 18-10 stainless steel, and feature a robust #4 Commercial finish to complement your kitchen’s stainless appliances. The Designer Series Appliance Sink is the simple solution to challenging chores. We believe that food preparation and cleanup should be a pleasure. Imagine a sink that comes complete with custom accessories, anticipating your needs and providing solutions that work … from chopping and slicing and dicing … to rinsing and draining … to mixing and stirring … and even provides a place to cool off hot pots, or defrost items straight from the freezer.

Good looks and an easy-to-care-for finish; big, deep, spacious sink bowls; sink accessories and waste fittings included; and the peace of mind associated with a lifetime warranty all add up to a product you will enjoy today and tomorrow.

The Designer Series Farmhouse Sinks

Hand Crafted Beauty For Your Home

Kindred Designer Series Farmhouse sinks are a new take on a timeless tradition evoking the old world charm of a country kitchen, but with all the contemporary benefits you’ve come to expect from stainless steel sinks and accessories. It really is the best of both worlds … traditional design combined with new technology and materials.

Ever try to put a round peg in a small square hole? Doesn’t work well, does it? End the frustration with Kindred’s larger capacity, extra deep – a full 9” and 10” – sink bowls. Straight sides and crisp 10mm corner radius result in generous dimensions designed to easily accommodate today’s larger specialty pots and pans. It’s beautifully simple and simple to clean. Much of the beauty of our Designer Series product can be attributed to its long lasting wear and enduring good looks featuring a #4 commercial satin finish that’s soft in appearance, but rugged enough to handle years of kitchen duty.

A Kindred Farmhouse, or apron front sink, will be the centerpiece of your kitchen and looks fabulous from any vantage point … this is a sink that doesn’t shy away from attention. Beyond its stylish good looks are real functional benefits. Our farmhouse sink is cleverly designed so the bowl is closer to you and more accessible. Since you spend so much kitchen time in front of the sink, it just makes sense.

So there you have it … hand crafted beauty to give you years of pleasure.

Speak to a showroom associate to determine correct hole drillings.
Innovative Design

At Kindred we never stop experimenting with the latest materials and technology and exploring innovative ideas and designs to bring the world’s best sink selection to you.

Our Designer Series Accessory Rail kitchen sinks are fabricated from heavy 18 gauge stainless steel with generous 9 inch deep bowls, boast a sleek rim and profile with 10 mm radius corners, and an integrated accessory rail. These models do double duty and save space, by allowing placement of drainer baskets, colanders and cutting boards right on the sink for food prep and clean up. All Designer Series Accessory Rail models are shipped complete with a stainless steel bottom grid, glass board/color mat, and stainless steel colander.

As with all Designer Series models, we have finished our topmount and undermount sinks with a commercial #4 satin finish, a perfect complement to commercial look appliances, and easy to repair should you scratch it.

16 | SINKS ARE FULLY UNDERCOATED • COMMERCIAL SATIN FINISH • 3 1/2" BASKET STRAINER WASTE FITTINGS INCLUDED • LIFETIME WARRANTY
The Designer Series Kitchen Faucets and Soap Dispensers

The Perfect Addition

Look to the Designer Series Kitchen Faucets and Soap Dispensers for the perfect partner for your sink. These durable and easy to clean sink auxiliary products feature a commercial satin finish for that polished professional look, and unlike a coating finish cannot wear off over time. And best of all, stainless steel faucets and soap dispensers are easy to clean – after all, we all have better things to do with our time than cleaning!

With a faucet to fit every function, from filling oversized pots to the fast flexibility of a pull down sprayer, we offer an array of styles, all with ceramic disc cartridge for fuss free function, and backed with a lifetime warranty.

Check out the versatility of our gooseneck, high arch, pull down, spout and pot filler models. All have an aerated stream flow, and pull down models offer spray flow as well.

Kindred Undermount Series

Wondering what to do with your kitchen, bar or island? Well, wonder no more. Kindred Collection 18 gauge undermount sinks feature generous dimensions, and distinctive creased bottom bowls, in an array of sizes and applications.

Undermount sinks are designed for solid surface materials such as granite, quartz or composite. Placing the sink below the counter draws attention to the luxurious beauty of the solid surface material and makes a clean sweep of kitchen cleanups – with no ledges or obstructions you simply wipe off the counter directly into the sink.

A sink is more than just a place for doing dishes and with this in mind, we took the time to design custom fit accessories for most Kindred Collection undermount models. From glass boards to wooden chopping boards, stainless steel bottom grids that protect the bottom of the sink bowls, to colanders, trays, and even dish racks, the addition of Kindred accessories for your sink is a smart way to expand your sink’s function and make it work for you.

You will see two dimensions noted for every Kindred undermount model. The first is the cabinet size recommended by Kindred, based upon our installation method and provided hardware. The second dimension is the minimum cabinet size that will accommodate the sink bowl and you must discuss alternative installation methods with your installer in this case.
Kindred Undermount Series

Value is good...

Take a look at our New Kindred Collection Undermount Series and see if you don’t agree …

- 9” deep bowls are deep enough to contain any water splashing
- Silk finish sink bowls and sink deck are warm in appearance and easy to maintain
- Heavy 18 gauge and high Nickel 18/10 stainless steel … make for a superior quality product
- Tight radius bowl corners increase sink bowl capacity
- Straight clean bowl shapes, and sink bowl drain lines, complement the very popular commercial kitchen of today
- Optional accessories simplify meal preparation

We hope that you agree.

In the case of recommended cabinet sizes for Kindred undermount product, you will see two dimensions noted for every model.
The first dimension is the minimum cabinet size recommended by Kindred, and this dimension is based upon using our installation method and hardware.
The second dimension represents the minimum cabinet size that will accept the fit of the sink bowls. In this case, you must discuss alternative methods of product installation with your installer.

Thanks to Kindred the vanity area in your bathroom really can be beautiful. No longer simply utilitarian spaces, bathrooms and powder rooms are now a canvas to create a personal statement in luxury and design. Kindred stainless steel vanity basins satisfy with sanitary, robust, easy to maintain materials. The overall effect is a design that seamlessly complements many styles and decorating schemes.

With an array of shapes and sizes, in both topmount and undermount models to satisfy discerning tastes, a Kindred stainless steel vanity basin is a smart and stylish addition to any powder room or bathroom.

Kindred faucet model KFPD1400.
Evolution means constant change with a goal of improvement. Whether we’re talking salamanders or sinks, to evolve means to change and adapt to new requirements, and to see benefit from those changes.

Kindred Granite models have evolved from first generation composite products to fourth generation leading edge designs and colors to Sanitized® silver materials.

Let us count the ways that Kindred Granite stands apart from the crowd…

- Kindred Granite patented DuraKleen finish is smooth to the touch and easy to clean
- Kindred Granite is homogeneous
- Kindred Granite has a soft matte finish
- Kindred Granite boasts a tolerance for high temperatures up to 280 degrees Celsius
- Kindred Granite is colorfast
- Kindred Granite is scratch resistant
- Kindred Granite has superior thermal shock characteristics
- Kindred Granite feels warm to the touch and will insulate hot water
- Kindred Granite sinks are quiet
- Kindred Granite colors are available in color matched faucets and soap dispensers

Kindred Granite sinks … an inspired idea that has come of age!
A Stunning Alternative

When stainless steel won't do may we recommend granite sinks for your kitchen. Moulded of tough, hard wearing and easy-to-clean materials granite is a great alternative.

With its fashionable and contemporary lines our Kindred Mythos granite sinks are in four fantastic colors. Don't be surprised when you open the box and find a stainless steel bottom grid packed right in with the sink, it's always included. For a completely coordinated look Kindred offers color matched faucets in all four granite colors … simply stunning.

Oyster is subtle and sublime, warmer than grey, and with more depth than beige. This new addition to the Kindred Granite palette will work equally well with natural stone elements in granite countertops and rich tones in wooden cabinetry.

Want to know what works well with a Kindred sink? A Kindred Faucet! All the popular finishes are available and while chrome may be considered the kitchen standard we go beyond ordinary to extraordinary with color matched granite faucets to complement your Kindred Granite sink.

It's important to know Kindred faucets have been machined from solid brass castings. Plastic moldings have been restricted to use where this technology is required. We believe that function comes first, not cost savings.

You've selected the sink; now add the finest finishing touch with Kindred faucets.
Sink model QDL2031/8/1 and faucet model KF10A.
Design and Quality

The Kindred Steel Queen family has a long and proud history in the plumbing industry, where it is known for great value, easy to care for finishes, and sizes and shapes for virtually any room in your home. Choose from topmount, undermount or dual mount, silk or mirror deck finishes, and optional accessories designed to expand the function of your sink.

Durable by Any Standard

We realize that purchase of a Kindred Steel Queen sink is an important decision. Kindred includes all the essentials that you will need in every Kindred Steel Queen package, an installation hardware kit, factory applied rimseal, illustrated installation instructions, and a template for marking and cutting the countertop. And did we mention that Kindred Steel Queen sinks are easy to install. You don’t need to be a master plumber to install our product.
Kindred Steel Queen Topmount

A Popular Choice for Value and Variety

Topmount sinks are a traditional and popular choice for kitchens. And, the Kindred Steel Queen topmount models set the standard, in robust 20 gauge stainless steel, satin finished bowls with mirror finished rims. Select a single, double or combination model with 7” and 8” deep bowls to address wash up or food prep areas.

And that’s not all. We also offer a whole host of optional accessories specifically engineered to make your sink do more for you every day, whether you are chopping, rinsing, defrosting, or draining dishes.

Steel Queen topmount sinks offer good value and a variety of size and bowl configurations, all backed with our standard Kindred Lifetime Warranty.

The Versatile Design Option

If you want function and form born of innovative design, you will be interested in our newest family of Steel Queen products. Embrace our long tradition of excellence in mid-priced sinks now with contemporary flair in our Dual mount Steel Queen offering.

These Steel Queen models have a remarkably flat deck for versatility, and as the name suggests, may be installed as a topmount, or as an undermount if you have a solid surface counter.

Every Steel Queen fabricated model is created to exact specifications, with zero radius corners and finished in #4 commercial satin finish to complement commercial look home appliances.

And, as with all Steel Queen products we include waste fittings, sound dampening pads, undercoating and rim seal on these new models. We take out the guesswork by ensuring every sink is packed complete with illustrated installation instructions, template and hardware to ensure trouble-free installation.

Kindred Steel Queen Undermount Sinks

Value and Durability

An undermount sink is a sparkling companion to a solid surface kitchen countertop. Steel Queen undermount models are available in single, double and combination models for kitchen, laundry and hospitality use.

Wherever you need a durable, dependable sink that keeps its shine year after year the Steel Queen Undermount delivers. This collection includes sink bowls in either 7 or 8 inch depth with a satin finish and decks done with a mirror finish.

All Steel Queen undermount models are shipped ready to install with everything you need including template and instructions – and of course the standard Kindred Lifetime Warranty.

Steel Queen Laundry and Specialty Sinks

A Sink for Every Situation

Let’s face it, life is messy. You know what we mean ... The dog needs a bath, garden grime has to be scrubbed off our hands, the dirty coveralls need somewhere to soak before washing. It’s a big job and you need a sink that’s up to the task.

Well, size matters and Kindred has it. Your laundry room or workshop is just the place for our Steel Queen Specialty Sinks – big, deep (up to 10”), some with an overflow, combination sinks, and ‘workhorse’ models. They’re large enough to handle almost anything you throw at (or in) them, and stainless steel durability ensures they still look great at the end of the day.

A beautiful addition

We all agree a sink is an essential fixture in every home. In the kitchen it is the nerve center, an integral part of almost every task you do here. Make clean up a breeze with sink accessories such as Kindred Faucet and Soap Dispensers and Kindred Waste Disposers. Simple, sensible solutions.

Kindred offers Chrome, Satin Nickel and beautiful Color Matched Granite faucets, and soap dispensers in the same finishes for a completely coordinated looks. Beauty and function – superb!

Why choose a Kindred Waste Disposer?

Just ask a plumber, and they will tell you that Kindred is one of the most trusted names in the industry for kitchen sinks, faucets, fittings, and accessories. For more than 60 years plumbing professionals have relied on Kindred for products with legendary performance. And you can too.

Kindred waste disposers continue that fine tradition of Kindred products that offer you superior performance in terms of reliability, quality, and durability. Every product that bears the Kindred name will give years of trouble free service, and simplify your life in the kitchen.

Kindred Waste Disposers range from apartment sized 1/3 H.P. models, right up to 1 1/4 H.P. models for big kitchen clean ups. Kindred Bio-Shield waste disposers feature a unique antimicrobial agent, permanently molded in the disposer to eliminate bacteria-caused odors, and Torque Master® balanced turntables and armatures in grinding system for less vibration.

Why choose a Kindred Waste Disposer? Because you can be sure that your life just became simpler.

AS200

KWD75C1/EZ  
CONTINUOUS FEED

Shipping Weight: 14.0 lbs. (6.3 kg.)

3/4 H.P. motor  
High-speed 2700 r.p.m. permanent magnet motor  
EZ mount installation system  
Stainless steel grinding components  
Sound insulated shell  
Includes factory installed power cord  
Safe for properly sized septic tanks  
For use with 110-120 volts/60hz current only  
Includes strainer stopper  

8 year in-home service warranty

Antimicrobial treatment to inhibit odour  
Balanced grinding system to provide long service life & quiet operation  

FUN# 134.0255.898

FUN# 134.0315.656

AS200
$122.00
Air actuated on/off control
Shipping Weight 1.5 lbs. (0.7 kg.)
Includes separate chrome and satin nickel finished air switch control buttons
For use with continuous feed waste disposers
Can be used with waste disposers up to 1 H.P., 120V
Eliminates need for an electrical wall switch
Installs into existing sink hole drilling, or countertop
FUN# 112.0312.211
KINDRED ... MAKING YOUR BUSY LIFE SIMPLER.
... they just make sense!

Sink accessories such as laminated maple cutting boards, ABS colanders, and stainless wire drainer baskets, and grids simplify the art of preparing a meal. Slice and dice, mince and rinse, drain and strain ... a big sink with room to move, and sink accessories that are truly functional, will please even the most temperamental chef. We like to think of Kindred accessories as kitchen helpers. And who couldn’t use a little extra help in the kitchen?

Stainless Steel Finishes by Kindred

We recognize that the appearance and durability of a stainless steel sink is an important part of the sink selection process and overall purchase decision. And this decision will no doubt be influenced by the finish that we apply to the product.

While there are no industry-wide standards, there are some common product finishes offered by sink manufacturers today. For example:

- We know that a smooth and bright finish will shed water, resist water spotting, and add sparkle to the kitchen. This is a good choice for a sink deck where appearance is important and “wear and tear” is minimal.
- We also know that a grain line or brush finish is a good choice for the sink bowl. This is where the work is done in the kitchen and where a sink must prove its mettle … the sink bowl finish must be durable enough to stand up to whatever you can throw at it.

Kindred has polished and finished stainless steel sinks for over 50 years. That’s a lot of experience and a lot of satisfied customers. This ongoing, never-ending discussion with customers, has led to the development of the following Kindred product finishes:

**#4 COMMERCIAL FINISH**  
A uniform grain line finish applied to the entire surface of the product.

**RADIANT SILK FINISHED BOWL**  
A smooth and polished surface created with polishing brushes and polishing compounds.

**SATIN (LUSTRE) FINISHED BOWL**  
A linear grain line finish applied to the bottom and sides of the sink bowl by using abrasive belts and wheels.

**MIRROR FINISHED RIM**  
A highly reflective and bright surface created with buffing wheels and compounds.

**SILK FINISHED RIM**  
A mirror finished rim that has been treated with a light linear finish to soften the reflectivity.
The Kindred Warranty

RESIDENTIAL SINKS
Kindred brand Stainless Steel and Granite Sinks are guaranteed against defects in material or workmanship, for any normal domestic purpose for which they are intended, for as long as you own your sink.

ACCESSORIES
Kindred brand accessories including hardwood cutting boards, and stainless steel colanders and trays, and baskets and grids are guaranteed against defects in material, and to be suitable for any normal domestic purpose for which they are intended for a period of one year from date of purchase.

FAUCETS
Every Kindred brand (chrome plate or solid stainless) faucet is guaranteed to be suitable for any normal domestic purpose for which it is intended and without defects in material or workmanship for as long as the original purchaser owns their home, provided it has been installed and maintained according to Franke Kindred Canada Limited instructions. The only exception to this warranty shall be decorative faucet finish which shall be warranted for a period of two years from date of purchase.

WASTE DISPOSERS  (See pages 81-82)
For more detailed information regarding all Kindred warranties please review the information at www.kindred-sinkware.com
