Creemore Collection

CREEMORE

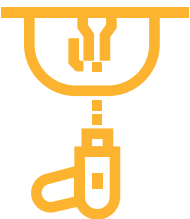

Creemore Series sinks were designed to make the daily grind less so. With a complete range of features and styles that are easy to install and easy to maintain, they're sure to become easy to love—by builders, installers, and homeowners alike. On selected models, real-life meets real simplicity with the EZ Torque installation process, cutting time off the job with smart engineering. Just drop, drill—and be done!

One sink at a time...

...that's how we believe in making a difference. All Creemore sinks are made with special sound pads that go to work to reduce the noise caused by a garbage disposal or running water.

Installation is as easy as a few simple steps with our streamlined fastener system designed to lock the sink securely to the countertop's edge. Worry-free stainless steel ensures that Creemore sinks will retain its beauty for years to come.

EZ Torque Installation

Simplified fastener system and drop-and-drill process make this one of the industry's easiest and quickest sinks to install.
