

3/4 HP Food Waste Disposer - KWD75B1-EZ | 134.0275.324

Kindred 3/4 Horse Power Batch Feed Food Waste Disposer. A Kindred food waste disposer simplifies cleanup before and after a meal and decreases the amount of trash you take to the curb - less mess all the way around. This Kindred batch feed kitchen sink waste disposer features a 3/4 Horsepower motor with 2700 r.p.m that can grind waste scraps instantly using less water and electricity. The Master Torque permanent magnet DC motor reduces jams for lasting service. The Bio Shield antimicrobial agents are permanently molded into the disposer to eliminate bacteria caused odors. Kindred waste disposals are safe for use with septic tanks that are sized for your home. The EZ mount installation system simplifies disposal installation - No snap ring, No custom tools, and No screws to tighten!
